Key

Central Nerve Blocks	Peripheral Nerve Blocks	Obstetric	Postoperative Pain Management
Chronic Pain Management	Paediatric	Ultrasonography	Miscellaneous
Pharmacology	Orthopedics	Ambulatory	Education
Morbidity			

	Hall B	Hall C	Hall D	Hall H
09:30	09:30-10:10 Refresher Course: Training and education in regional anaesthesia – its implementation	09:30-10:10 Refresher Course: Sedation for regional anaesthesia: needed?	09:30-10:10 Refresher Course: Chronic Postoperative Pain following Cardiac Surgery	
10:10	Break			
10:15	10:15-10:55 Refresher Course: How to give a good scientific presentation	10:15-10:55 Refresher Course: Non anaesthetic effects of local anaesthetics	10:15-10:55 Refresher Course: Ultrasound for pain therapy: the evidence	
10:55	Break			
11:00	11:00-11:40 Refresher Course: USGRA for pediatric anesthesia: an update	11:00-11:40 Refresher Course: Toxicity of local anaesthetics: local and systemic considerations	11:00-11:40 Refresher Course: Controversials in the use of SCS in chronic pain patients	
11:40	Break			
11:45	11:45-12:25 Refresher Course: Regional anaesthesia for outpatient surgery	11:45-12:25 Refresher Course: New anticoagulants and regional anaesthesia	11:45-12:25 Refresher Course: Intrathecal drug delivery Patient management from Trial to longterm follow up. Decision management process	
12:25	Break			
12:30	12:30-13:10 Refresher Course: Cardiovascular Patients: Regional Anesthesia revisited	12:30-13:10 Refresher Course: Topping up the labour epidural catheter for unplanned Cesarean section: organizational issues and magical epidural mixtures	12:30-13:10 Refresher Course: Cancer pain: therapeutic options	
13:10	Break			
13:15	13:15-13:55 Refresher Course: Regional anaesthesia in the intensive care unit / emergency department	13:15-13:55 Refresher Course: Prevention of PDPH and Accidental dural puncture	13:15-13:55 Refresher Course: Treatment of facet-related pain: Evidence based standards for good clinical outcome	
13:55	Break			
14:00	14:00-14:40 Refresher Course: Regional anaesthesia for shoulder surgery and chronic shoulder pain	14:00-14:40 Refresher Course: Regional anaesthesia and nerve injury: risks and their minimization	14:00-14:40 Refresher Course: From acute postoperative pain to chronic pain: how to prevent?	14:00-16:00 ESRA Diploma Part 1 Exam
14:40	Break			
14:45	14:45-15:25 Refresher Course: Peri- and intraoperative regional anaesthesia in hip surgery	14:45-15:25 Refresher Course: The place of adjuvant drugs in peripheral nerve blocks	14:45-15:25 Refresher Course: Ultrasound guided regional anaesthesia: outcome	
15:25	Break			
15:30	15:30-16:30 Pro-Con Debate: Adjuncts to peripheral nerve blocks in children	15:30-16:10 Refresher Course: Neuraxial blockade in patients with preexisting spinal stenosis, lumbar disk disease, or prior spine surgery	15:30-17:30 Best Free Papers	
16:10				
16:30	16:30-17:30 Pro-Con Debate: Ilioinguinal vs caudal in children			
17:30	Opening Ceremony (Hall A) Followed by Networking Reception (in Exhibition Area)			

Friday, September 5, 2014

Key

Central Nerve Blocks	Peripheral Nerve Blocks	Obstetric	Postoperative Pain Management
Chronic Pain Management	Paediatric	Ultrasonography	Miscellaneous
Pharmacology	Orthopedics	Ambulatory	Education
Morbidity			

	Hall A	Hall B	Hall C	Hall D	Hall E	Hall F	Hall G	Hall H	Offsite
8:00			08:00-09:30 Panel Discussion: Interventional spine procedures. Are all evidence based?	08:00-09:30 Panel Discussion: Regional anaesthesia in special patients	08:00-09:30 U/S Adults - Upper Limb	08:00-09:30 U/S Pediatrics Workshop 2: Trunk/paravertebral and face blocks	08:00-09:30 Panel Discussion: Regional anaesthesia in children	08:30-09:30 Free Communications 4	08:00-11:00 Cadaver Workshop 4
8:10	08:10-10:30 Symposium: ASRA/ESRA Joint Session: Continuous regional anaesthesia for ambulatory surgery	08:30-10:30 Symposium: Anesthesia for Cesarean section							
8:30									
9:30			09:30-10:30 Pro-Con Debate: RA is superior to general anesthesia	09:30-10:30 Live Demonstration Workshop: Ultrasound Imaging and Peripheral Nerve Field Stimulation	09:30-11:00 U/S Adults: Three dimensional and fusion scanning (limited hands on)	09:30-11:00 U/S Adults: Chronic pain: peripheral blocks and MSK	09:30-10:30 Ask the Expert: Ultrasound for treatment chronic post-herniorrhaphy pain	09:30-10:30 Ask the Expert: Supraclavicular approach should replace interscalene	
10:30	Coffee Break, Exhibition and E-Poster Discussions								
10:45									
11:00	11:00-13:00 Symposium: Topics of future research for regional anaesthesia	11:00-12:00 Free Communications 5	11:00-12:30 Panel Discussion: Cancer pain	11:00-12:00 Live Demonstration Workshop: Sciatic nerve blocks	11:00-12:30 U/S Adults - Neuraxial & Paraspinal techniques	11:00-12:30 U/S Adults - Lower Limb	11:00-12:00 Pro-Con Debate: Pulsed radiofrequency is a placebo technique	11:00-12:30 Industry Sponsored Symposium (not included in main event CME/CPD credit)	11:30-14:30 Cadaver Workshop 5
11:15									
11:30									
11:45									
12:00		12:00-13:00 Ask the Expert: Managing pain during regional anesthesia for C-section		12:00-13:00 Live Demonstration Workshop: Distal nerve blocks of the upper and lower extremity			12:00-13:00 Pro-Con Debate: Continuous regional anaesthesia for ambulatory surgery		
12:15									
12:30									
12:45									
13:00	Lunch Break, Exhibition and E-Poster Discussions				Lunch Break, Exhibition and E-Poster Discussions		Lunch Break, Exhibition and E-Poster Discussions	13:00-14:00 Luncheon Discussion Sessions 7-13	
13:30					13:30-15:00 U/S Adults - Upper Limb	13:30-15:00 U/S Pediatrics 3 - Central blocks with ultrasonography			
14:00	14:00-16:00 Symposium: PROSPECT Session Topic to be provided by Prospect Group	14:00-16:00 Symposium: Modern Blocks	14:00-15:00 Pro-Con Debate: Diagnostic Blocks have predictive value in decision making process for the chronic	14:00-15:00 Live Demonstration Workshop: Cervical plexus blocks			14:00-15:30 Panel Discussion: Nerve injury	14:00-15:00 Free Communications 6	
14:15									
14:30									
14:45									
15:00			15:00-16:00 Pro-Con Debate: Remifentanyl PCA for labour analgesia	15:00-16:00 Live Demonstration Workshop: Suprascapular and axillar nerve block	15:00-16:30 U/S Adults: Chronic pain: central blocks	15:00-16:30 U/S Adults: Thoracic wall and abdominal wall blocks			15:00-18:00 Cadaver Workshop 6
15:15									
15:30									
15:45									
16:00	Coffee Break, Exhibition and E-Poster Discussions						Coffee Break, Exhibition and E-Poster Discussions		
16:15									
16:30	16:30-17:00 B. Braun Lecture								
16:45									
17:00	17:00-17:30 Carl Koller Lecture								
17:15									
17:30							17:30-18:30 General Assembly		
18:30	ESRA Annual Networking Dinner								
20:00
